

We bring your **message to life**

Never again will poor sound quality in video calls or meetings spoil your experience

Our product range has never sounded better. In our constant quest of making life easy for presenters we introduce **Neets Sound Bar - SB1**

Now, high class sound comes in one easy-to-install sound bar with extremely good looks.

The Neets Sound Bar - SB1 is a stylish sound bar, designed to enhance the audio experience in the meeting or conference room. Whether it's a video, an audio track, or facilitating a conference call, the quality of the sound is crucial. That is why we have created the Neets Sound Bar - SB1.

Sound and style united

It has never before been this easy and stylish to enhance the audio performance in any type of room as well as in video calls. The 2.0 full-range stereo front speaker offers a massive improvement of the sound compared to the rear-facing speakers you typically find in displays.

Turn it up. With **Neets Sound Bar - SB1** you can turn up the volume with confidence

Optimized audio quality for different user scenarios

Automatically turns on/off. This is energy efficient and eliminates the need for remote controls

Full-Range Sound Bar with no need for a subwoofer
